Such facilities may include, but not necessarily be limited to sales and construction offices, storage areas, model units, signs, and portable toilet facilities. No truck, trailer, boat, automobile or other vehicle shall be stored, parked or kept on any Lot or in the street in front of the Lot unless such vehicle is in day-to-day use off the premises and such parking is only temporary, from day-to-day; provided, however, that no vehicles shall ever be parked in the right-of-way of West Fuqua Drive. The storage of an unused vehicle in the garage permitted on any Lot covered hereby shall be permitted.

Section 9. Signs and Billboards. No signs, billboards, posters, or advertising devices of any character shall be erected, permitted or maintained on any Lot or plot except (i) one sign of not more than ten (10) square feet advertising the particular lot or plot on which the sign is situated for sale or rent and (ii) one sign of not more than five (5) square feet to identify the particular lot or plot as may be required by the Federal Housing Administration or Veterans Administration during the period of actual construction of a single-family residential structure thereon. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

Section 11. Storage and Disposal of Garbage and Refuse. No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste materials shall not be kept except in sanitary containers constructed of metal, plastic or masonry materials with sanitary covers or lids. Equipment for the storage or disposal of such waste materials shall be kept in clean and sanitary condition. No Lot shall be used for the open storage of any materials whatsoever, which storage is visible from the street, except that new building materials used in the construction of improvements erected upon any Lot may be placed upon such Lot at the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without undue delay, until the completion of the improvements, after which these materials shall either be removed from the Lot or stored in a suitable enclosure on the Lot.

Section 12. An underground electric distribution system will be installed in that part of BRIARGATE, SECTION FIVE, designated herein as Underground Residential Subdivision, which underground service area embraces all of the lots which are platted in BRIARGATE, SECTION FIVE. In the event that there are constructed within the Underground Residential Subdivision structures containing multiple dwelling units such as townhouses, duplexes, or apartments, then the underground service area embraces all of the dwelling units involved. The owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure, the Owner/Developer, shall, at his or its own cost, furnish install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electric Code) the underground

service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. Developer has either by designation on the plat of the Subdivision or by separate instrument granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various homeowners reciprocal easements providing for access to the area occupied by and centered on the service wires of the various homeowners to permit installation, repair and maintenance of each homeowner's owned and installed service wires. In addition, the owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure the Owner/ Developer shall at his or its own cost, furnish, install, own and maintain a meter loop (in accordance with the then current Standards and Specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each dwelling unit therein shall be underground, uniform in character and exclusively of the type known as single phase, 240/120 volts, three wire, 60 cycle, alternating current.

The electric company has installed the underground electric distribution system in the Underground Residential Subdivision at no cost to Developer (except for certain conduits, where applicable, and except as hereinafter provided) upon Developer's representation that the Underground Residential Subdivision is being developed for residential dwelling units, including homes, and if permitted by the

restrictions applicable to such subdivision, townhouses, duplexes and apartment structures, all of which are designed to be permanently located where originally constructed (such category of dwelling units expressly to exclude mobile homes) which are built for sale or rent and all of which multiple dwelling unit structures are wired so as to provide for separate metering to each dwelling unit. Should the plans of the developer or the lot owners in the Underground Residential Subdivision be changed so as to permit the erection therein of one or more mobile homes, Company shall not be obligated to provide electric service to any such mobile home unless (a) Developer has paid to the Company an amount representing the excess in cost, for the entire Underground Residential Subdivision, of the underground distribution system over the cost of equivalent overhead facilities to serve such Subdivision or (b) the Owner of each affected lot, or the applicant for service to any mobile home, shall pay to the Company the sum of (1) \$1.75 per front lot foot, it having been agreed that such amount reasonably represents the excess in cost of the underground distribution system to serve such lot or dwelling unit over the cost of equivalent overhead facilities to serve such lot or dwelling unit, plus (2) the cost of rearranging, and adding any electric facilities serving such lot, which arrangement and/or addition is determined by Company to be necessary.

The provisions of the two preceding paragraphs also apply to any future residential development in Reserve(s) shown on the plat of Briargate Subdivision, Section Five, as such plat exists at the execution of the agreement for underground electric service between the electric company and Developer or thereafter. Specifically, but not by way of limitation, if a lot owner in a former Reserve undertakes some action which would have invoked the above per front lot foot payment if such action had been undertaken in the Underground Residential Subdivision, such owner or applicant for service shall pay the electric company \$1.75 per front lot foot, unless Developer has paid the electric company as above described. The provisions of the two preceding paragraphs do not apply to any future non-residential development in such Reserve (s).

ARTICLE IV

No building shall be erected, placed, or altered on any Lot until the construction plans and specifications and a plot plan showing the location of the structure, have been approved in writing as to harmony of exterior design and color with existing structures, as to location with respect to topography and finished ground elevation, and as to compliance with minimum construction standards by BRIARGATE, SECTION FIVE Architectural Control Committee. A copy of the construction plans and specifications and a plot plan, together with such information as may be deemed pertinent, shall be submitted to the Architectural Control Committee, or its designated representative prior to commencement of construction. The Architectural Control Committee may require the submission of such plans, specifications, and plot plans, together with such other documents as it deems appropriate, in such form and detail as it may elect at its entire discretion. Section 1. Membership. Every person or entity who is a record owner of any of the Properties which are subject or which will be subject upon the completion of improvement thereon, to maintenance charge assessment by the Association, including contract Sellers, shall be a member of the Briargate Community Improvement Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation or those having only an interest in the mineral estate. No owner shall have more than one membership. Membership shall be appurtenant to and may not be separated from ownership of the land which is subject to assessment by the Association. Class A members shall be entitled to one vote for each Lot in which they hold the interest required for membership by Section One. The vote for such shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot.

Class B. The Class B member shall be Blue Ridge Associates, the Declarant defined in the Declaration. The Class B member shall be entitled to three (3) votes for each Lot in which it holds the interest required for membership by Section One; provided, however, that the Class B membership shall cease and be converted to Class A membership on the happening of either of the following events, whichever occurs earlier:

- (a) When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership, or
- (b) On January 1, 1979. The Class A and Class B members have no right as such to vote as a class, except as required by the Texas Non-Profit Corporation Act, and both classes shall vote together upon all matters as one group.

Section 1. Each lot in BRIARGATE, SECTION FIVE, is hereby subjected to an annual maintenance charge and assessment, for the purpose of creating a fund to be designated and known as the "maintenance fund," which maintenance charge and assessment will be paid by the Owner or Owners of each Lot within

BRIARGATE, SECTION FIVE to BRIARGATE Community Improvement

Association on or before January 1, of each year, in advance annual installments commencing on the first day of the month following conveyance of the first property to a homeowner; provided, however, that the amount of such maintenance charge and assessment shall, anything to the contrary herein notwithstanding, be chargeable and payable by the owner or owners of any lot at one-half (1/2) the assessed rate until the first day of the month following completion and occupancy of a permanent structure thereon. The rate at which each Lot will be assessed will be determined annually, and may be adjusted from year to year by the Association as the needs of the subdivision may, in the judgement of the Association, require; provided that such assessment will be uniform and in no event will such assessment or charge exceed \$12.00 per Lot per month, or \$144.00 per Lot per year. The Association shall use the proceeds of said maintenance fund for the use and benefit of all residents of BRIARGATE, SECTION FIVE, as well as all subsequent sections of BRIARGATE Subdivision; provided, however, that each future section of BRIARGATE, to be entitled to the benefit of this maintenance fund, must be impressed with and subjected to the annual maintenance charge and assessment on a uniform, per Lot basis, equivalent to the maintenance charge and assessment imposed hereby, and further made subject to the jurisdiction of the Association. The uses and benefits to be provided by said Association shall include, by way of clarification and not limitation and as its sole option, any and all of the following: constructing and maintaining parkways, rights-of-way, easements, esplanades and other public areas, payment of all legal and other expenses incurred in connection with the enforcement of all recorded charges and assessments, covenants, restrictions, and conditions affecting the Properties to which the maintenance fund applies, payment of all reasonable and necessary expenses in connection with the collection and administration of the maintenance charge and assessment, employing policemen and watchmen, caring for vacant Lots and doing other thing or things necessary or desirable in the opinion of the Association to keep the Properties in the subdivision neat and in good order, or which is considered of

general benefit to the owners or occupants of the Properties, it being understood that the judgement of the Association in the expenditure of said funds shall be final and conclusive so long as such judgement is exercised in good faith.

Section 2. To secure the payment of the maintenance fund established hereby and to be levied on individual residential Lots, there shall be reserved in each Deed (whether specifically stated therein or not) by which the Declarant shall convey such Lots, the Vendor's Lien for benefit of the Association, said lien to be enforceable through appropriate proceedings at law by such beneficiary provided, however, that each such lien shall be secondary, subordinate and inferior to all liens, present and future, given, granted and created by or at the instance and request of the Owner of any such Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the construction of improvements on any such lot to the extent of any such maintenance fund charge accrued and unpaid prior to foreclosure of any such purchase money lien or construction lien; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, for the aforesaid purpose or purposes, the Association shall give the holder of such first mortgage lien sixty (60) days written notice of such proposed action, which notice shall be sent to the nearest office of such first mortgage holder by prepaid U.S. registered mail, and shall contain a statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, the Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular Lot covered by such first mortgage lien to the holder thereof.

Section 3. The above maintenance charge and assessment will remain effective for the full term (and extended term if applicable) of the within covenants.

ARTICLE VII

GENERAL PROVISIONS

Section 1. Term. These covenants shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of forty (40) years from the date these covenants are recorded after which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless an instrument signed by a majority of the then owners of the Lots has been recorded agreeing to change or terminate said covenants in whole or in part. Upon any violation or attempt to violate any of the covenants herein, it shall be lawful for the Association or any other lot owner to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and either to prevent him or them from doing so or to recover damages or other dues for such violations.

Section 2. Severability. Invalidation of any one of these covenants by judgement or other court order shall in no-wise affect any of the other provisions which shall remain in full force and effect.

Section 3. FHA/VA Approval. So long as the present owners of the property herein above-described and their successors and assigns (including individual lot owners) are in control of the Briargate Community Improvement Association, the following actions will require the prior approval of the Federal Housing Administration and/or the Veterans Administration: annexation of additional properties, dedication of common area, and amendment of this declaration of Covenants, Conditions, and Restrictions.
